es to affordable prices, and personal care.

From budget to designer, we've got frames for you.

If you're in the market for new eyeglasses, we have just what you're looking for. Our full-service optical boutique features more than 500 fashionable designer frames, including Cazal, Tura, Neostyle, and more. We also have a good selection of budget frames (complete glasses for just \$59.99), children's frames, and safety glasses for work or sports.

Our style consultant will help you find just the right pair of glasses to fit your age, facial structure, coloring, budget, and lifestyle. We can offer special tints and coatings, and ultra-thin lenses for your comfort. And most glasses can be ordered in just a few days.

Prefer contacts? We have all kinds.

If you're interested in wearing contacts, we have plenty to choose from: soft, gas permeable, disposable, astigmatic, bifocal and tinted.

Dr. McFerren can fit even the most difficult cases with lenses that fit comfortably and safely improve vision. So if you've had problems wearing contacts in the past, or you've been told you couldn't wear them, relax. Dr. McFerren can help people with dry eye, astigmatism, and can even prescribe bifocal contacts!

We stand behind all our products and services.

At The Eye Doctor Unlimited, we want you to be thrilled with your new glasses or contacts. If you're not, we'll work with you until you're *completely* satisfied. In fact, we offer a number of guarantees to ensure our commitment to you:

- **Economy Guarantee:** *You'll find a good selection of budget frames, and complete glasses available from \$59.99.*
- **Prescription Guarantee:** *If you're not comfortable with your prescription, let us know within 30 days. We'll re-examine you at no charge.*
- **Service Guarantee:** *We promise that you will be treated fairly and with the respect that you deserve.*
- **Workmanship Guarantee:** *We guarantee the quality of our frames for one year.*
- **Satisfaction Guarantee:** *If for any reason, you're not happy with your new glasses or contacts, we'll work with you so you get what you want.*

What it all comes down to, is that you shouldn't have to experience the impersonal service of a chain store to find affordable, quality, fashionable eyewear. Dr. McFerren has it all right here in College Park. (And if she doesn't have just what you're looking for, she'll order it for you.)

We see eye-to-eye on the cost of vision care.

We know how hard it is to fit eye care into a family budget. That's why we work to keep our prices affordable. For the budget-conscious, we offer a good selection of budget eyeglass frames. You'll find a 10% discount for college students and seniors, and we accept Visa and MasterCard. Finally, we participate on many insurance plans, including several HMOs. To find out if your insurance covers our care, just call.

Hours that accommodate your busy schedule.

We also know how hectic your schedule can be, which is why we offer appointments until 6 pm Monday through Friday, so you can come in after work. You can even come in on your lunch hour. Same-day appointments are usually available, and of course, walk-ins are always welcome. We're conveniently located along the bus route, and for many of our patients, we're on the way to work.

Call on The Eye Doctor Unlimited for your family's eye care.

If affordable prices, friendly service, and unbeatable selection are important in choosing an eye doctor, you'll feel right at home with Dr. McFerren. To see things even more clearly, call:

“Welcome to The Eye Doctor Unlimited.”

When it comes to your family's eye care, there are a few things you should demand: friendly service, affordable prices, a great selection of eyewear, convenience, and a qualified doctor who takes the time to explain your options.

That's exactly what you'll find at The Eye Doctor Unlimited. We pride ourselves on the fact that we always put the patient first. Your satisfaction is our top priority.

You don't have to drive all the way to a chain store to get a bargain, great selection or speedy service. You can get it all right here. Read on to discover how we can meet your eye care needs. Then, if you haven't already, stop by the office. We look forward to meeting you. —
